Message Notification Instructions

The system will only notify you on the first new message in your mailbox. Any other new messages that come in after that first message will not trigger the notification. Be sure to clear out any new messages before you leave the office or else you will not be notified of new messages.

To Program Notification on Your Phone

1. At the phone you want to program message notification on, press **PROGRAM**.
2. Press **6** for Message Notification.
3. Press **1** for Delivery Options.
4. Press **1** to Deliver to Phone Only.
5. Press **2** for Phone Delivery options.
6. Press **1** to enter a new telephone number
7. Enter *just* the **telephone number**. *Do not include the line access code (do not dial 9, 8, 71, etc. before the number). If it s a long distance number, include the 1 and the area code.*
8. Press **#**.
9. Hang up.
10. You should be able to leave yourself a test message and see if the system calls you on the number you programmed. If it does not, Advanced Networking, Inc. may have to program your system to allow off-site notification. Please contact the office if you are having problems.

To cancel The Message Notification, follow steps 1-3 and then press 0.

To Program Message Notification on a Guest Mailbox

1. From any phone, press **PROGRAM**.
2. Press * (star) and the **Guest Mailbox number** and then press **#**
3. If it prompts you to enter your password, do so and press **#**.
4. Press **6** for Message Notification.
5. Press **1** for Delivery Options.
6. Press **1** to Deliver to Phone Only.
7. Press **2** for Phone Delivery options.
8. Press **1** to enter a new telephone number
